Dear Donovan,

We are pleased to inform you that your submission:

Expresiones Regulares para el Tratamiento de la Privacidad en Navegadores Web

has been ACCEPTED for CONISOFT 2019 conference.

Your paper was reviewed by at least two reviewers, they agreed that your work provides a contribution to the Software Engineering community and that it was methodologically sound. We urge you to address the comments that the reviewers provide; as this will make your paper stronger.

Please note that, for papers written in English, any changes you make must fit the IEEE template. (http://conisoft.org/2019/assets/documents/Papers_Template.dot). Papers written in Spanish will be invited to be published directly in a journal and will be required to submit in a different format.

The deadline for uploading your camera ready is August 25th, 2019. Please submit the camera-ready manuscript to the Easychair system replacing your previous submission number 53. This does not require that you make a new submission.

For all accepted papers, at least one author must pay a full registration fee by the camera-ready due date. Also, at least one author must present the paper at the conference.
